Julius Karnwie

Frontend Developer with full-stack project experience | React | Next.js | TypeScript | Tailwind CSS
jkarnwie2000@yahoo.com | 540-314-5008 | Roanoke, VA | GitHub | LinkedIn | Portfolio

Summary

Junior Frontend Developer building responsive web applications with React, TypeScript, Next.js, and Tailwind CSS. Frontend Simplified graduate with deployed projects backed by REST API integration and a Git and GitHub workflow, with automated linting through GitHub Actions and component tests in Vitest and React Testing Library. Nearly two years in a credit union contact center bring clear communication, close attention to detail, and a user-first mindset.

Technical Skills

Languages & Web: JavaScript (ES6+), TypeScript, HTML5, CSS3, Semantic HTML

Frameworks & Libraries: React, Next.js, Tailwind CSS, React Router, Redux Toolkit, Stripe, Express, Prisma, PostgreSQL, Responsive & Mobile-First Design

APIs & Data: REST APIs (fetch / axios), Firebase

Testing & Tooling: Vitest, React Testing Library, GitHub Actions (linting), Git, GitHub, npm, Vercel

Experience

Karnwie's Golden Websites (Roanoke, VA) Jan 2026 - Present

Founder & Frontend Developer

- Built and deployed responsive, mobile-first websites for small businesses and nonprofits using HTML5, CSS3, and JavaScript, shipped on Vercel.
- Translated client goals into clean interfaces with semantic HTML, refining layout, spacing, and typography.

Skinstric AI (Remote) Oct 2025 - Apr 2026

Frontend Developer, Virtual Internship

- Built the frontend for an AI skincare platform in Next.js, TypeScript, and Tailwind CSS from a Figma design specification.
- Integrated REST API endpoints for image upload and analysis results with loading and error states; fixed browser bugs.
- Added a GitHub Actions workflow that runs ESLint on every push and pull request.

Member One Federal Credit Union (Roanoke, VA) Feb 2024 - Jan 2026

Member Contact Center Representative

- Resolved high-volume member inquiries with accuracy and empathy in a regulated banking environment.

Projects

Summarist Book Summary Platform | Live Demo | GitHub

- Next.js, Stripe. TypeScript, Firebase, Tailwind CSS, Redux Toolkit: personalised recommendations, audio summaries, user login.

Wakis Mart Deli & Grocery| Live Demo | GitHub

- React.js, Express, Prisma, PostgreSQL, and Stripe: A full-stack deli and grocery store with 200+ products, a made-to-order deli menu, Stripe checkout, email order confirmations and an admin dashboard.

Books E-commerce Store | Live Demo | GitHub

- React and React Router: cart with subtotal, tax, and total, sort by price and rating, and 15 component render tests in Vitest and React Testing Library.
